EXPERIENCE

AirMenus | Operations Lead   Pune, India | Dec 2021 - Present
  Initially, worked as an Operations Intern and helped in uploading the menus.
  Later, designed a dashboard to help the operations team with faster onboarding and uploads of menus.
  Daily work included solving client issues and improving the dashboard technicalities.

Yellow Fryum | Customer Acquisition + Frontend Developer Intern Remote | March 2022 - Jun 2022
  Designed the company's website footer and "Founder's section" with the tech team.
  Finding small businesses in the USA that need help in finding more clients for expanding their business.
  Primarily involved in marketing & advertising and developing websites to attract customers.

TCR Innovation | Frontend Web Developer Intern   Remote | Jan 2022 - March 2022
  Worked in a team of 10 and helped the organization in creating their website to attract more users.
  Worked on small projects as assigned by the Sr Dev.

The Sparks Foundation | Web Development & Designing Intern   Remote | Aug 2021 - Sept 2021
  As part of the internship, I developed two applications. First was a website for NGO with Razorpay
  integrated for donations (test mode). Second was a basic banking system built using frontend and a user
  can transfer money to their friends etc.
